

# Success Criteria

Today we are learning to calculate fractions of amounts.

- I can identify the denominator in a fraction.
- I can use a denominator to divide an amount.
- I can multiply by the numerator to find a non-unit fraction of an amount.

How did you get to this answer? Prove you are right!

# I DO –

The whole is being divided into equal parts.

$$\frac{1}{2}$$

1 part is shaded.

There are 2 equal parts.

# I DO –

The whole is divided into equal parts

1 part is shaded.

$$\frac{1}{3}$$

There are 3 equal parts

## I DO

The whole is divided into equal parts

1 part is shaded.

$$\frac{1}{4}$$

4

There are 4 equal parts

## WE DO

The whole is divided into equal parts

1 part is shaded.

$$\frac{1}{5}$$

5

There are 5 equal parts

Miss Dhesi has 18 skittles.

She eats  $\frac{1}{3}$  of them.

What is  $\frac{1}{3}$  of 18?

How many sweets did she eat?

I say, you say, we all say...

$18 \div 3 = 6$  so one third of eighteen is equal to

six.

18

Miss Dhesi has 24 skittles.

She eats  $\frac{1}{3}$  of them.

How many sweets did she eat?

What is  $\frac{1}{3}$  of 24 ?

24

I say, you say, we all say...

$$24 \div 3 = 8$$

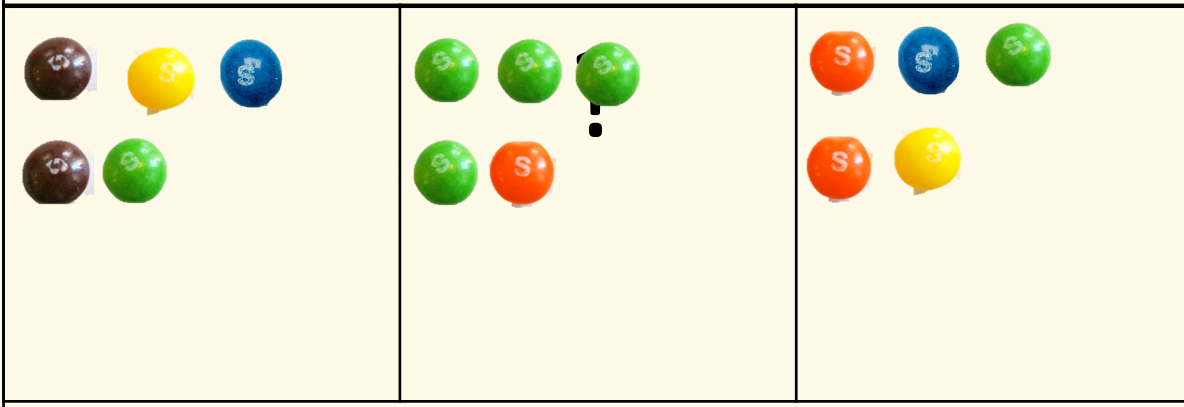

so one third of twenty-four is equal to eight.

## I DO

Miss Dhesi has 15 skittles.  
She eats  $\frac{1}{3}$  of them.  
How many sweets did she eat?

What is  $\frac{1}{3}$  of 15 ?

15

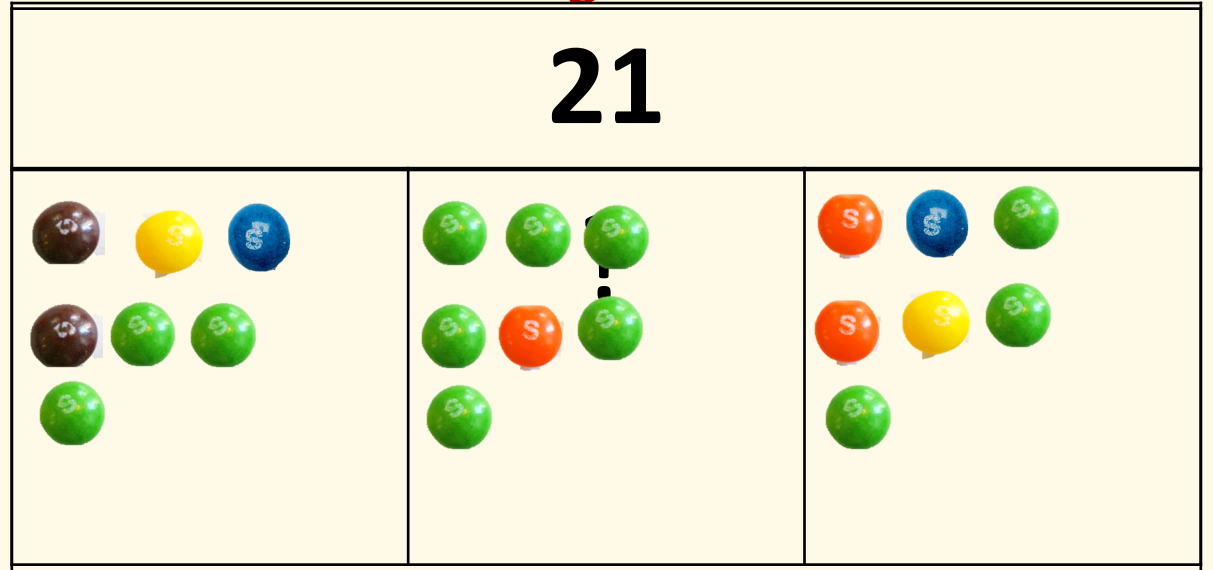

## WE DO

Miss Dhesi has 21 skittles.  
She eats  $\frac{1}{3}$  of them.  
How many sweets did she eat?

What is  $\frac{1}{3}$  of 21 ?

21

\_\_\_\_\_  $\div$  3 = \_\_\_\_\_ so \_\_\_\_\_ of \_\_\_\_\_

## WE DO

Miss Dhesi has 9 skittles.  
 She eats  $\frac{1}{3}$  of them.  
 How many sweets did she eat?

What is  $\frac{1}{3}$  of 9 ?

9

Stretch\* If she ate  $\frac{2}{3}$  of skittles, How many would she ate? How many will be left over?

I DO

What is  $\frac{1}{3}$  of 18 ?

18

6

6

6

$$\frac{1}{3} \text{ of } 18 = 6$$

I DO

What is  $\frac{2}{3}$  of 18 ?

18

6

6

6

$$\frac{2}{3} \text{ of } 18 = 12$$

We do –

What is  $\frac{1}{3}$  of 27 ?

What is  $\frac{2}{3}$  of 27 ?

27

9

9

9

Stretch\*

$$\frac{1}{3} \text{ of } \boxed{15} = 5$$

## WE DO

What is  $\frac{1}{3}$  of 12 ?

What is  $\frac{2}{3}$  of 12 ?

| 12 |              |   |
|----|--------------|---|
| 4  | <del>4</del> | 4 |

Stretch\*

$$\frac{1}{3} \text{ of } \boxed{6} = 2$$

## YOU DO

What is  $\frac{1}{3}$  of 21 ?

What is  $\frac{2}{3}$  of 21 ?

| 21 |              |   |
|----|--------------|---|
| 7  | <del>7</del> | 7 |

Stretch\*

$$\frac{1}{3} \text{ of } \boxed{27} = 9$$
